

Supporting young people to learn and develop.

The Hatch is an innovative social enterprise project working with young people with disabilities and additional learning needs, care leavers, young offenders and young adult carers between the ages of 16 and 25.

The project provides young people with the opportunity to volunteer in a refreshment bar based in Haverfordwest Magistrates Courts and will allow them to gain valuable life skills and work experience which will empower them on their journey to independence.

By gaining knowledge of cash handling, stock rotation, customer service, food preparation and hygiene, the young people will not only gain confidence and build friendships, but could also gain qualifications to support them in future employment.

HOW

ACTION FOR CHILDREN

WORKS

Who can refer into the service?

- Self referral
- Social worker
- Health practitioner
- Support worker
- Education
- Family member

Please feel free to contact the office if you would like to refer from another service.

Each young person will meet with service staff prior to starting and undertake an initial assessment to establish how volunteering with The Hatch will work for them.

We always show how Action for Children works

- By creating stable new homes through fostering or adoption.
- By running family centres across the UK.
- By keeping struggling families together.
- By supporting young carers.
- By helping disabled children with the challenges they face.
- By helping teenagers get into education and jobs.
- By refusing to accept that 1.5 million neglected children in the UK is OK.
- By doing what's right, doing what's needed, and doing what works for children.
