Pembrokeshire Young Carers (PYC) service is commissioned by Hywel Dda University Health Board and Pembrokeshire County Council to deliver a Young Carers Information and Outreach Service in Pembrokeshire.

As a service provided by Action for children we protect and support children and young people, providing practical and emotional care and support, ensuring their voices are heard, and campaigning to bring lasting improvements to their lives. Last year, we helped more than 387,000 children and families across the UK.

Whilst our office is closed to the public due to the COVID-19 situation. PYC will continue to run as full a service as possible within the guidelines according to government/NHS advice. Young Carers in Pembrokeshire will continue to have a dedicated service, providing information and support to help them in their caring role as follows:

- Regular phone and/or Skype video calls to 'check in' with service users
- Regular updates on our Facebook page including link shares and up to date Government information.
- Wellbeing and mindfulness updates and tasks for our Young Carers to complete.
- Continuing to accept referrals from other agencies and self-referrals.
